

FinSimple™

Commercial Finance and Lease Programs

fordpro.com/en-us/financing

Ford Pro FinSimple reserves the right to change specifications, features and programs without notice and without incurring obligations.

Flexibility Made for Business

Commercial Installment Financing

Main Street and Wall Street keep business on its toes. We're ready to work with you to tailor smart financing solutions to your business's changing needs. That's Ford Pro™ FinSimple™ making it all simple.

Flexible Payoff

You know your business best. So we make it simple to pay off your commercial finance obligation.

Commercial GAPCoverageSM (GAP)

This available insurance protects you if your vehicle is stolen or declared a total loss, and the insurance settlement does not cover the remaining balance on the vehicle.

The Red Carpet Lease

If your vehicle use is more predictable,* choose this closed-end lease with no residual risk to keep things extra easy. When you complete your lease as agreed, simply return the vehicle to any Ford Dealer.

Lower Payments

Lease payments are usually less than finance payments with similar terms. Invest your cash where it belongs: in your business.

The Latest, Greatest

With leasing, you get newer vehicles with the latest technology more often.

*Commercial RCL is not available for every vehicle use (e.g., livery and modified vehicles).

TRANSIT CONNECT®

SUPER DUTY®

F-650®/F-750®

Commercial Lease

Your business is one of a kind, so why shouldn't your lease be? Commercial Lease is an open-ended lease that includes a Terminal Rental Adjustment Clause (TRAC) lease program that's precisely tailored to meet your business needs.

Flexible Terms

No mileage restrictions or penalties. Upfits can be residualized.

No Surprises at Lease-End

There are no unexpected charges: no acquisition, up-front administration or termination fees and no charges for excess wear and use.

Commercial Line of Credit (CLOC)

What your business needs to move and where it needs to go can literally change overnight. With a CLOC, getting a vehicle is fast-tracked and hassle free.*

- Pre-established credit made easy
- No setup or non-usage charges
- Credit that frees up capital
- Streamlined approval and renewal process

Combined Billing

Keep your payments simple by consolidating your monthly statement. It's complimentary with all of our commercial financing and leasing products.**

If you have questions, contact our Ford Pro™ FinSimple™ Customer Care Team at 877-224-1262 x74977, Monday through Friday, 8 a.m. to 5 p.m. CT.

For more details about our Commercial Finance and Lease programs, visit fordpro.com/en-us/financing or contact your local dealer.

Vehicles shown with optional features. *Subject to initial approval, ongoing eligibility and periodic review requirements. Provided no material change in financial condition, initial approval is for 12 or more months. **Commercial Lease accounts are automatically enrolled in combined billing, assuming all your due dates are the same.

Ford Pro™ Intelligence

Ford Pro Intelligence is our always-on, cloud-based platform that powers a digital suite of telematics, charging and other software solutions. It combines data from your vehicles, data from your charging hardware and use, along with daily fleet activity, so you can access information from one source that only gets smarter, allowing you to make real-time decisions that help keep your vehicles running smoothly.

Ford Pro Telematics Essentials*

Real-time vehicle health alerts, recall information and more. Standard on your modem-equipped 2020 model-year or newer Ford vehicles. Just activate the service to take advantage of these useful, no-extra-cost features.

Ford Pro Telematics**

A Ford Pro Telematics subscription includes all the benefits of Telematics Essentials plus a robust suite of intelligent features, including real-time GPS tracking and geofencing, driver behavior insights, fuel monitoring and a mobile app for drivers. Also available on non-Ford vehicles when using a plug-in device.

Ford Pro E-Telematics

Ford Pro E-Telematics provides real-time range and plug-in status, remote preconditioning to help maximize battery efficiency and range, and tools to manage driver reimbursement for home charging. Available at no extra cost for the first three years of all-electric Ford fleet vehicle ownership.

Ford Pro Fleet Management Software

Capture expenses in one place, take control of third-party maintenance activities, manage work orders, effectively track labor and parts inventory and more. This software has been created specifically for small and medium-sized fleets.

VIIZR

Streamline your operations with VIIZR, the field and customer relationship management software built for the trades. VIIZR puts everything you need in one place to help you win more jobs, get paid faster and grow your business.
